## Marine Mammal Inventory Report Codes

### General Information

- Each Person/Holder/Facility is assigned a PHF number.
- “Active” holders have live animals on their current inventory.

### Identification Number

- Each marine mammal is assigned a unique Identification Number:

NOA - U.S.<sup>1</sup>  
FOR - Foreign  
UNK - Unknown<sup>2</sup>

### Origin

C - Captive Birth  
W - Wild Capture  
B - Beached/Stranded  
U - Unknown

### Purpose

P - Public Display  
S - Scientific Research  
E - Enhancement  
R - Rehabilitation

### Source

C - Captive Birth  
T - Transfer  
I - Import  
B - Beached/Stranded  
W - Wild Capture  
O - Other

### Disposition

D - Dead  
T - Transported/Transferred  
R - Released

---

<sup>1</sup> - Including marine mammals exported from the U.S. and held by foreign holders, and the progeny of such U.S. origin marine mammals.

<sup>2</sup> - Marine mammals listed as transferred to another holder, and for which a corresponding inventory record has not been found/confirmed.
